

#1383: SimSolid – Shortcut Keys

Product: SimSolid

Product Version: SimSolid 2019.3 or above

Topic Objective

Shortcut keys in SimSolid.

Topic Details

You can access many commonly used functions in SimSolid with keyboard shortcuts, which are generally faster and more efficient than using the toolbar. Shortcuts are particularly convenient when selecting and controlling the visibility of objects. The table below list the keyboard shortcuts that are organized by function.

File management

Shortcut	Function
